Explain "Yes" answers: _____

I hereby state that, to the best of my knowledge, the answers to the above questions are correct.

My signature also authorizes the coach or other responsible official to obtain emergency medical care for my child should such become necessary when I am not immediately available. **This Physical examination is intended to evaluate individuals for safe participation in sports, and should not substitute for routine healthcare.**

The Washington Interscholastic Activities Association requires that, during the twenty-four month period prior to first participation in interscholastic athletics in a middle high school, and prior to the first practice for participation in a high school, a student shall undergo a thorough medical examination and be approved for interscholastic athletic competition by a medical authority licensed to perform a physical examination. For each subsequent twenty-four month period, a student shall furnish a statement, signed by a medical authority licensed to perform a physical examination, which provides clearance for continued athletic participation.

The school district urges you to provide student insurance in case of injury. You may select either the insurance offered through the district or your own family insurance.

Please sign below if you wish to give your permission for your child to take part in the school's athletic program.

I approve of my child's participation in athletics in the Central Valley School District's athletic program and I will assume all financial responsibilities not covered by my child's school insurance or my family insurance for injuries received while s/he is training for or playing athletic games. I also give my permission for my child to receive emergency treatment of an injury by any physician designated by a school official.

The physical examination must be completed by a medical authority licensed to perform a physical examination.
